

**American Technologies Network
NIGHT SPIRIT-2 MONOCULAR**

The Night Spirit-2 is a rugged and light-weight hand-held night vision monocular that uses multi-coated optics specially coated to gather light to provide bright and clear images coupled with state-of-the-art quality image Gen. 2 intensifier tubes. A built-in illuminator allows you to see clearly, even in total darkness. The Night Spirit-2 runs on a 1.5 volt AA size battery for up to 60 hours without IR, and is water and fog resistant.

**Track Star
AVLS GPS VEHICLE
TRACKING PRODUCTS**

Track Star's AVLS system is an affordable yet powerful and fully featured GPS-based vehicle tracking system ideally suited to the needs of Law Enforcement agencies, large and small. System features include real time position display and replays, vehicle status indications, reports to aid in all aspects of fleet supervision, and an easy-to-use operator interface. Track Star AVLS is distinctive in that it is completely hosted on the user's computer network, providing complete ownership, control, and privacy of vehicle location records.

**B-Safe Industries
ZIPCUFF**

B-Safe Industries' new NTOA member tested and recommended Zipcuff uses patented new technology in law enforcement restraints. Zipcuff enhances user safety by enabling the officer to cuff both wrists and control a suspect with one hand in 1.5 seconds. It is re-useable and can be unlocked with a standard handcuff key. Because it's fully adjustable, the lightweight Zipcuff will work around long sleeved apparel, will fit any size wrist, and is flexible for easy storage in pockets. It has a double lock safety to control deployment and pressure on wrists, reducing the possibility of injury.
