Shot Trak **HD** Series

HIGH DEFINITION **GUN** CAMERA

**CAPTURE YOUR HUNT
IN STUNNING HD VIDEO**

Designed by Shooters for Shooters, the Shot Trak HD mounts on any rifle, handgun, or bow to capture incredible color video of your target in full HD (1920 x 1080p). Most action cameras today offer only a wide lens that may take great videos close up but fail miserably when attempting to capture your game at a distance. The Shot Trak HD delivers 5 times the Magnification of a standard action camera capturing your action perfectly every time. Its the best way to show off your victories to your friends and family back home and online.

TARGET SHOOTING — For the avid shooter in all of us - film it in HD.

Bring the excitement of the hunt back home! HD video and a built-in microphone will let you relive your hunt in ways never before possible.

HOME PROTECTION - With every year more and more protections are afforded to the criminals in our society. If you have to use the weapon to protect yourself and your family make sure to capture the incident on video - so there is never a question of who is the aggressor and who is the victim. Stop both Criminal Prosecution and frivolous Law Suits before they ruin your life.
